PERSONAL STATEMENT

As a passionate developer with hands-on experience in **React** and **TypeScript**, I am **eager to focus on frontend** development .

I enjoy delivering production-ready **React components** that are **reusable and well-tested**, and am genuinely excited by your company’s mission to simplify the home buying process. I am motivated by **collaborating with others** to deliver high-quality solutions that make a real impact and would love to bring my skills and enthusiasm to your team.

PROFESSIONAL EXPERIENCE

Junior Full Stack Software Engineer

Curaleaf International (Pharmaceutical industry)

July 2024-ongoing

I work on two core company systems using **TypeScript**, **React**, and **MUI**, with a **Python/Quart** backend and **PostgreSQL** database

- I **integrate the systems** to ensure consistent data flow
- I collaborate closely with stakeholders to gather requirements, tailor solutions to business needs, and deliver high-impact results
- I contribute to **architectural design** and **technical planning**
- I take **Figma** designs and turn them into responsive, user-friendly frontend applications.
